

DMX HARMONY

All-In-One Audio & Visual Digital Media Platform

MEET HARMONY

Deliver your music, messaging and digital signage from one device with Mood Harmony – DMX’s most innovative and versatile digital media player. Compact and reliable, Harmony is easy to install and is designed to withstand even the most demanding business environments. It’s backed by an intuitive web-based content management system, so you can manage multiple in-store media solutions from one user-friendly portal.

WHY HARMONY?

UNMATCHED MUSIC CONTROL. Create the perfect sound for your brand and choose from multiple professionally-designed music programming options - all backed by the world’s largest library of fully-licensed music.

EASY VISUAL CONTENT MANAGEMENT. Instantly manage and schedule your Digital Signage solutions across one or multiple locations.

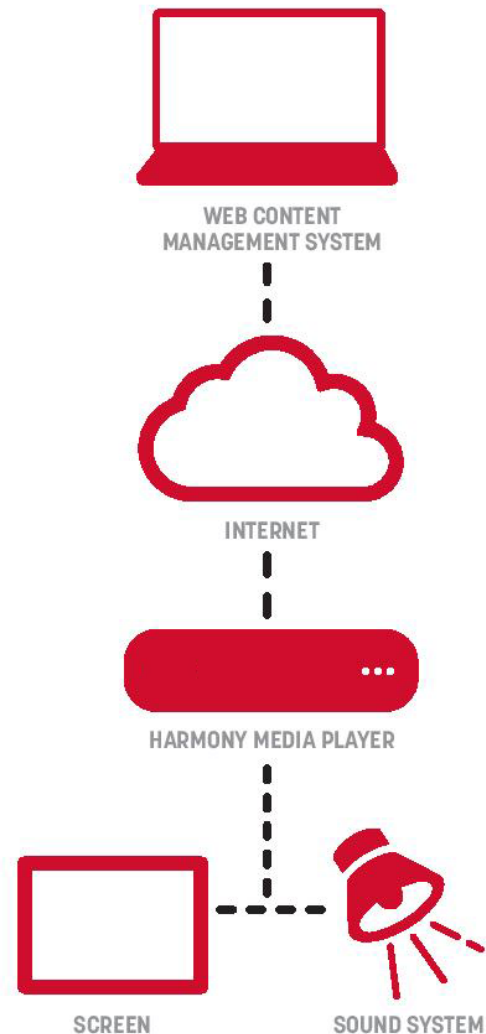

SUPPORTS MULTIPLE FILE TYPES. Harmony supports all common HD image and video file types, including HTML5, RSS feeds, live streaming and more.

EXPENDABLE STORAGE. From 16 GB to 256 GB of storage, Harmony makes it easy to store a wealth of Music, Messaging, and Digital Signage content.

EASY INSTALLATION. Harmony is designed for simple plug & play installation. Built-in mounting ports make it easy to attach the player.

ACTIVE MONITORING. Update stats, email player status alerts and systems logs.

ENERGY-EFFICIENT. Designed to be ‘always on’, Harmony is designed with energy efficiency in mind, using under 10W of power no matter what content is playing.
